

## Embroidery Project of the Month Club

If you own an embroidery machine (any brand) and want to learn how to put it to better use this club is designed just for you! Each month we will create a new project. You will become more familiar with your machine and get great ideas for gifts and useful items for your own use. We will use embroidery designs from a variety of sources, sometimes they are free. For your convenience, kits are available for most projects at a minimal cost. You will also receive a membership card, which will entitle you to a 15% discount on threads, embroidery designs and notions purchased at the store. **Reminder: You must let Valerie know if you want a kit and which class you want to attend so that she knows how many handouts to prepare for each class.**

**Cost - \$25.00 A Year    Class Time - 3 Hours    10 a.m.—1 p.m.**

**Instructor - Valerie Wilhite**

### Upcoming Class Schedule
