

Know Your Machine Class #2

This is the hands on portion of the class. You will sew all of the utility stitches of your machine, learn what they are for, the correct foot to use and on what type of fabric they work best. In the process you will use every presser foot and feature in the machine. If your machine has features such as sequencing, memories or embroidery, these will be thoroughly covered as well.

Please call and sign-up for a class — if no one has signed up for the class it will be cancelled.

Bring your machine, accessories, foot control, power cord and a spool of thread. You will take home work sheets with notes and samples attached for future reference.

Cost - Free to any customer who has purchased a machine at Ryan's

\$25.00/hour if machine was purchased elsewhere.

Upcoming Schedule

PS-21

Thursday, January 14, 3-4:30 p.m.
Monday, February 1, 3:30-5:00 p.m.
