

PE Design 7.0 or 8.0 Software

Teacher Diane Strauss - Class Time 2 1/2 Hours

Professional power with a hobbyist's heart. PE Design 7.0 and 8.0 Software is a rich combination of exciting design options and professional digitizing capabilities for the individual who wants to push creative limits. The software is uncomplicated and easy to learn and love.

Class One - You will learn the Design Database and 4 different ways to digitize a design

Class Two - You will learn the different creative uses of fonts, detail on all available stitches and how to create your own design.

Class Three - You will learn how to create your own stitch, how to add detail to a design and how to use the split stitch function.

Also available - Create your own appliqué and lace design

Free to any Customer Who Has Purchased the Software at Ryan's
\$25.00/Hour if Software was Purchased at a Different Location
